

RENTAL SOLUTIONS

CUSTOM RENTAL EQUIPMENT, PROFESSIONAL SUPPORT.

The Office of Information Technologies can help you with all your audio and visual needs at the University of Notre Dame. Together with EventSys, an audio visual rental and production company, we provide our clients with personalized turnkey event solutions. We support a full line of professional rental equipment for your next meeting or event. Our items range from individual or packaged components that consist of flipcharts, screens, microphones, speakers and projectors, to complete stage events with high-definition video production, full concert sound and lighting.

If you need us for an all-inclusive event we can be there for setup, operation, and tear down to manage all the work for you. Our highly skilled technicians can be on-site to operate the system and ensure that your program goes perfectly.

We can deliver and pick up your audio visual equipment to save you time. If you prefer customer pick up, we will assist with loading and provide instructions to help prepare you for your meeting or show. Call us today to see how we can help.
